## Verse Analysis

Verse analysis is a simple yet profound inductive approach to studying the Scriptures. You will benefit from working through the sheets on your own and then sharing your thoughts with the group. Through this process, we pray the Holy Spirit will illuminate the Scriptures so you can see Jesus more clearly and apply his grace and truth to your heart and life.

Your group will pick one of the following “tracks” and fill out a verse analysis each week. You should decide on this track with your leader. Each “subject” will have two verses in its category. You’ll do one a week and then the next one as you work your way down and through them. Then download and print out a blank verse analysis form each week. One of the things you should do is memorize the verse each week as you go. Don’t forget to review your previously memorized ones as you go along.

May the Lord bless your time. May you worship him in spirit and truth.
